The diagram illustrates a dependency structure where two source files, `deserialize.cpp` and `serialize_test.cpp`, both include the header file `deserialize.h`. The header file is located at `tesseract_motion_planners/descartes/include/tesseract_motion_planners/descartes/deserialize.h`. The source files are located at `tesseract_motion_planners/descartes/src/deserialize.cpp` and `tesseract_motion_planners/test/serialize_test.cpp` respectively. Blue arrows point from the source files to the header file, indicating the include relationship.
