```

The diagram illustrates the relationship between three files in the tesseract library. At the top is a header file, `tesseract_process_managers/include/tesseract_process_managers/task_generators/discrete_contact_check_task_generator.h`, which is shaded gray. Below it are two source files. The left source file, `tesseract_process_managers/src/core/default_process_planners.cpp`, and the right source file, `tesseract_process_managers/src/task_generators/discrete_contact_check_task_generator.cpp`, both have blue arrows pointing to the header file, indicating that they include it.

tesseract_process_managers
/src/core/default_process
_planners.cpp
