

tesseract\_motion\_planners  
/descartes/include/tesseract  
\_motion\_planners/descartes  
/deserialize.h

```
graph BT; A["tesseract_motion_planners /descartes/src/deserialize.cpp"] --> C["tesseract_motion_planners /descartes/include/tesseract_motion_planners/descartes/deserialize.h"]; B["tesseract_motion_planners /test/serialize_test.cpp"] --> C;
```

A diagram showing the relationship between source files and a header file. At the top is a grey box containing the header file path: 'tesseract\_motion\_planners /descartes/include/tesseract \_motion\_planners/descartes /deserialize.h'. Below it are two white boxes. The left box contains 'tesseract\_motion\_planners /descartes/src/deserialize.cpp' and the right box contains 'tesseract\_motion\_planners /test/serialize\_test.cpp'. Blue arrows point from each of these two boxes up to the header file box, indicating that both source files include this header.

tesseract\_motion\_planners  
/descartes/src/deserialize.cpp
